COMMITTED TO EXCELLENCE!!!
Further more, the Group is committed to social development initiatives and executes these through its Corporate Social Responsibility arm, ‘Neel Foundation’.

The Group has created new benchmarks in the manufacturing of Sheet Metal Parts, Shaped Blanks, Skin Panels, Welded Assemblies, Exhaust Systems, Axles, High Tensile Steel Fasteners, Tubes, Special Purpose Vehicles and Waste Management Services, etc.

This has resulted in prestigious certifications from global institutions. All the plants are manned by a highly skilled professional workforce, have state-of-the-art machinery ensuring the best of quality.

About JBM Group

JBM Group is a New Delhi headquartered diversified conglomerate with a presence in automotive, education and engineering services in India.

In the year 1986, a joint venture with Maruti Suzuki India Ltd. (formerly Maruti Udyog Ltd.) was signed for manufacturing sheet metal components and sub assemblies.

The Group pioneered and revolutionised the industry with state-of-the-art technology in the field of automotive, engineering and design and today has 33 plants, 5 engineering & design centres across 19 locations globally with an annual turnover of US $1.2 billion dollar (FY 2011-2012). JBM Group is known for its quality focused leadership, fast product development process, contract manufacturing and flexible manufacturing system.
From the Chairman

I take this opportunity to thank you and appreciate the undaunting support and trust you have always reposed in JBM Group and encouraged it to move ahead confidently on road to progress and development.

JBM Group has grown as a people’s organisation, embedding the spirit of ‘one for all and all for one’. In complementing each other’s efforts, our march towards new goals is continuous and unabated.

Equipped with world-class technology and processes, JBM Group’s benchmark is quality production and customer delight. Despite the rapid growth and elevation to the elite groups, the simplicity in JBM Group’s flexibility and openness to new market trends and changing technology continue to be its driving force. The core values of simplicity, team work, trust amongst people, customer focus and meeting commitments of the Group have given it a unique position and respectability among the national and international companies of repute and excellence.

The Group’s leadership character in the fields of quality production, service providing and cost competitiveness has not only expanded the orbit of people’s association with the Group but also earned it prestigious certifications from international institutions and esteemed customers.

The faith and confidence of the customers in the quality of our products and services are our strengths and we have to always live up to the expectations of our customers by maintaining and attaining higher, unbeatable standards in the production and service fields. The motive to this is cherished by the Group since its inception which further reflects in every product and service of JBM Group.

Let our march towards achieving newer heights continue with expanding leadership in business through people keeping pace with innovation, market trends and technology.

S.K. Arya
Chairman

Vision
"Expanding leadership in our business through people, keeping pace with market trends and technologies.

Values
We believe in...

- Simplicity by keeping a low profile externally and having clear, frank and effective communication in the organisation;
- Team Work with well-defined Responsibilities and Accountability;
- Relationships of trust amongst people through well defined Responsibility & Authority;
- According top priority to Customer Focus through prompt and appropriate response;
- Respect and Care for all those associated, Meeting Commitments.
The Infrastructure Edge

JBM Group's Infrastructure is set up nearest to the customers to provide services like product and process conceptualisation, design, manufacturing and testing by using latest engineering tools and technology.

PRESS LINES
JBM Group has presses ranging from 10T to 3000T in mechanical and hydraulic versions.

WELD LINES & WELDING ROBOTS
JBM Group possesses a wide range of modern weld equipment comprising stationary and portable spot welding, MIG/TIG welding, seam welding, submerged arc welding, laser welding using robotic welding machines that are ABB, Motoman, FANUC, KUKA made, MIG, TIG and Spot welding capabilities, CNC controlled special purpose machines.

FLEXIBLE MANUFACTURING SYSTEMS
The 5 axes laser- cutting machines from the world-class manufacturer, delivers the Group's quest for international standards.

TOOL ROOM
The most imperative development of all is JBM Group’s modern Tool Room which has been upgraded continuously to include even the latest software, which seamlessly interfaces with various formats to receive CAD data from customers.

EXHAUST LINES
The group has the capability to manufacture all kinds of Exhaust Systems for cars, two-wheelers and for vehicles of the agriculture segment.

TUBES AND TUBULAR MANIPULATIONS
JBM Group's highlighted area is its own tube mill, which manufactures all kinds of ERW and CDW tubes in different shapes and sizes for manufacturing tubular products like fuel neck fillers, exhaust systems, and many more for automotives and other industries.

STEEL SERVICE CENTRE
The Group provides the auto components industry with facilities like slitting, cut-to-length and blanking lines in collaboration with JFE Steel Corporation and Metal One Corporation of Japan.

SURFACE TREATMENT
To provide unified solutions under one roof, JBM Group possesses up-to-date surface treatment facilities like heat resistant paint shop, automated differential zinc plating, powder coating, ED coating, trinickel chrome plating and complete assembly paint shop.

ROLL FORMING
In addition to the vast infrastructure, JBM Group has equipped itself with hi-tech roll forming systems that are employed in the manufacturing of sash sections for diverse transport vehicles and wheel rims for the motorcycle industry.
GROUP COMPANIES

Covering the activities in the disciplines of automotive, steel service, fabrication, construction etc., JBM Group, after its reorganisation, has emerged as a leading Group. Its automotive sector has achieved outstanding perfection in high quality production. By the involvement of internationally reputed players in the technical advancement in growth and development, the Group has received recognition in the wide ranging customer preference.

ANS Steel Tubes Ltd.
Established as a 3-way Joint venture among Neel Metal Products Ltd. (A JBM Group company), Nisshin Steel and Sumitomo Corporation of Japan, The ANS Steel Tubes is a premier tube manufacturing company. ANS blends engineering capabilities of JBM, cutting edge technology of Nisshin Steel (Japan’s no. 2 company in tubes) and trading expertise of Sumitomo Corporation.

Arcelor Neel Tailored Blank Pvt. Ltd.
Leader in laser-welded blanks with global presence, having plants in 12 countries across 4 continents, ANTB was founded in 2006. This company is a joint venture between the Arcelor Mittal Group and JBM group. The purpose of this company is the manufacturing of Laser Welded Blanks in India.

Jay Bharat Maruti Limited
For escalating the business activities through diversification, in 1986; The Group collaborated with Maruti Suzuki India Limited (MSIL, formerly Maruti Udyog Ltd.- MUL) as joint Venture partner to set up Jay Bharat Maruti Limited(JBML), the largest joint venture of MSIL, for manufacturing of sheet metal components, welded assemblies, exhaust systems, Fuel Neck Filler and Axles at Gurgaon and Manesar. The Company is listed in Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) of India.

JBM Auto Ltd.
JBM Auto Ltd. was set up in the year 1990, mainly to manufacture Tools, Dies and Moulds at Faridabad. The Company also established a Press Shop for manufacturing Sheet Metal Components and Welded Sub-assemblies to meet the growing stringent quality requirements of automobile industry. The Company is listed in Bombay Stock Exchange (BSE) and National Stock Exchange (NSE) of India.

JBM Auto System Ltd.
The company was founded to supply sheet metal components to Ford India. Keeping in mind, “Where the customer is”, the Company set up the plant within the Ford India Suppliers Park. It commenced operations in May 1999 and within a year started supplies for export to South Africa and Mexico and exports to China in Aug 2002. The operations have been expanded to supply chassis, suspension systems and fuel neck fillers etc. to existing as well as new customers. With ultramodern press lines, welding lines, fully automated Lead free water based CED paint system and Tool Room with in-house designing capabilities, the company has invested in flexible manufacturing facilities to meet increased customer volumes and future new products launches by Automotive OEM’s.

CUSTOMERS

With a diversified base of customers, across verticals, JBM Group focuses on understanding customer needs and providing comprehensive solutions.

CARS/MULTI-UTILITY VEHICLES
- Daimler
- Fiat
- Ford
- General Motors
- Hindustan Motors
- Honda
- Mahindra
- Maruti Suzuki
- Nissan
- Tata Motors
- Toyota
- Volkswagen
- Commercial Vehicles
- Ashok Leyland
- Eicher Motors

THREE WHEELERS
- Mahindra
- Mahindra Navistar
- Swaraj Mazda
- Tata Motors
- Volvo

CONSTRUCTION EQUIPMENT
- JCB
- Terex
- Hitachi

FARM EQUIPMENT
- Escorts
- International Tractors
- John Deere
- New Holland
- TAFE
- TML

WHITE GOODS
- Onida
- Samsung
- Whirlpool

INTERNATIONAL BUSINESS
- General Motors
- Husqvarna
- JCB
- Renault Cars
- Renault Trucks
- Terex
- Volvo

OTHERS
- Airport Authority of India
- Bharat Petroleum
- Defence
- HAL
- Hindustan Petroleum
- Indian Oil
- Indian Railways
JBM Cadmium Pvt. Ltd.
JBM Cadmium Pvt. Ltd. has two main verticals of engineering services & education. In the engineering services vertical, JBM has expertise like product development, simulation, digital manufacturing for customers in automotive, railways, aerospace, manufacturing domains. Through a recent acquisition with TESCO GO it has become a global company with operations in Italy, Germany, UK and U.S. to service customers across the globe. This will enhance the capability to provide end to end solutions starting from concept to final product (including prototyping).

In education vertical, the focus is mainly in management and engineering domains through MBA, B.Tech programmes and other Professional courses. For achieving holistic growth we have tie ups with Hay Group of USA, New Business Development Association (NBDA) and SIOO of the Netherlands & Singapore. Dassault Systèmes of France, MSC from USA and Siemens from Germany. Uptil now 5000 students have been a part of the education journey in various systems.

JBM Industries Ltd.
Launched in 1983, JBM Industries Ltd. started with manufacturing of domestic LPG cylinders and sheet metal components and has presently grown into a modern diversified engineering company offering customized solutions in house design and development capabilities also.

Equipped with the state of art machineries and modern gadgets, JBM Industries Ltd. offer wide ranging facilities of heavy fabrications such as Hydraulic & Diesel tanks, Railway diesel engine hoods, multi level Car Parking Systems to name a few, together with Domestic & Auto LPG Cylinders and Air Reservoir.

JBM MA Automotive Pvt. Ltd.
It is a Joint Venture with European auto major MA (CLN Group) of Italy for manufacturing full body skin panels and major BIW parts for customers in the western region. This is a pioneering effort by any auto component manufacturer for producing such products in India.

Neel Metal Products Ltd.
Established in 2001, Neel Metal Products Ltd. is one of the fastest growing companies of the JBM Group with eight high-tech plants at various locations in India. The company has been fast earning a leadership position in the industry with the facilities available in press lines up to 10,000 tons, weld lines and ED coating plant, which are not only limited to auto world but also fitting for white goods industry also. The Company’s product portfolio includes exhaust systems, complete wheel assemblies for motorcycles, design, development and manufacturing of precision tooling, welding jigs and fixtures, tubular parts, two-wheeler assemblies, skin panels and complete body assemblies.

Thai Summit Neel Auto Pvt. Ltd.
Thai Summit Neel Auto Pvt. Ltd. (TSN) is a joint venture company between JBM Group of India and Thai Summit Group of Thailand. Having started its operations in April 2005, the company has latest and ultra-modern facilities in its various plants situated at Gurgaon, Hosur, Pune and Panthnagar. The facilities include Pressing, Welding, Pipe Bending, Painting, Special Purpose Machines (SPM’s) and Powder coating machines.

A vast range of products of this venture include parts of the two-wheeler such as Fuel tanks, assemblies, guards, tubular frames and complete mufflers. In India, TSN is poised to become No.1 in components supply for two-wheeler manufacturers across India.

FJM Cylinders Pvt. Ltd.
The major duo of automotive parts manufacturing in India, JBM Group and N.K. Minda Group joined hands for a joint venture with Faber Industrie of Italy to manufacture high pressure gas cylinders. Faber are the world’s premier name in the field of CNG cylinders manufacturing with a comprehensive range of cutting-edge technology available around the world. The Promoters in India have a very sizeable Engineering and R&D force and believe in constant innovation with large list of Indian and International automotive majors as customers and spread across multiple locations.

OTHER INITIATIVES

CSR
JBM Group possess concern for social objectives and the organisation has nurtured this sense for the public cause since its inception. The Group is committed to social development initiatives and executes these through its Corporate Social Responsibility arm, ‘Neel Foundation’. JBM Groups – ‘Neel Foundation’ is an effort to help, support and encourage the underprivileged. Under the aegis of ‘Neel Foundation’, the Group plays a pivotal role in community development, partnership with NGOs and social organisation in public welfare and environmental concerns.

EDUCATION
JBM Group has taken up the initiative to provide focused education in the field of the high-end technology and management for skill development and enhancement of professionals capabilities.

ENGINEERING SERVICES
JBM Group has taken up the initiative for the continuous processes to update existing engineering skills with an insight to be always consistent with technological enhancement and keeping pace with fast changing world of technology. This enhances the art to part complete solution providing capability.
